Dear Bev,

Glad you are recovering! Hope rapidly and well.

When I had my not few operations I was anxious to read!

There was little else to do except explore the TV wasteland.

I did not publish Case Open. It was butchered but remains effective and the mail on it is the nicest ever. With no advertising or promotions of any kind.

It is a Carroll & Graf book. They are distributed by Publishers West. All the stores can get it from their own distributors. If you store does not have it a phone call or a card is all it takes.

Perhaps you can get it mailed to you by your store.

The cover price is $11.95.

Hope your book was going well before your surgery and that you can pick it up again soon.

Our best wishes for the coming year,

Harold
